## NC DEPARTMENT OF PUBLIC INSTRUCTION

**Mark Johnson, State Superintendent :: 301 N. Wilmington Street :: Raleigh, North Carolina 27601-2825**

In compliance with federal law, the NC Department of Public Instruction administers all state-operated educational programs, employment activities and admissions without discrimination because of race, religion, national or ethnic origin, color, age, military service, disability, or gender, except where exemption is appropriate and allowed by law.

### **Inquiries or complaints regarding discrimination issues should be directed to:**

Maria Pitre-Martin, Ph.D., Deputy Superintendent of District Support

6307 Mail Service Center, Raleigh, NC 27699-6307 / Phone: (919) 807-3759 / Fax: (919) 807-4065

**Visit us on the Web:** [www.ncpublicschools.org](http://www.ncpublicschools.org)

## **Report to the North Carolina General Assembly: §115C-83.4A ~ Advanced Courses**

In response to G.S.115C-83.4A, the North Carolina Department of Public Instruction (NCDPI) initially established the NC Advanced Placement Partnership (NCAPP) in May 2014 with the College Board. The NCAPP continues with its purpose to broaden access and successful participation in advanced coursework in North Carolina's (NC) public schools. According to G.S. 115C-83.4A, "it is the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students."

The NCAPP continues to respond to the legislation through various efforts. In 2017-18, eighteen NC school districts participated in the NCAPP as "targeted districts" with focused support and technical assistance. For this 2018-19 academic year, College Board and NCDPI increased the number of target districts because of an increase of funding for the NCAPP. Currently, twenty-two districts are participating with the NCAPP as targeted districts, and most are low-performing. NCAPP continued with districts who still needed support and were committed to the program and added new districts. By increasing the number of target districts, NCAPP is growing to have further state-wide impact. NCAPP also provides state-wide support through professional development opportunities open to all public school districts across the state, both face-to-face and online opportunities. College Board and the NCDPI are continuing to work together on these various aspects to ensure continued success of the NCAPP.

In addition, the General Assembly continues to appropriate funds to pay for all Advanced Placement (AP) and International Baccalaureate Diploma Programme (IB) exams for public school and charter school students who were enrolled in the corresponding AP/IB courses; this began in 2014-15. Beginning 2016-17, legislation included Cambridge International Exams (CIE) to this effort.

Alongside NC's public school districts, the NCAPP spearheads NC's progress with AP course enrollment and AP exam participation. The state's most recent data from NCDPI and College Board show continued gains in the areas of AP exam participation and performance, while showing a slight decrease in AP course enrollment as we began the 2018-19 school year. Below are some key highlights that are detailed further in the report:

- Currently in 2018-19, 81,520 students are taking at least one AP course. These students represent 152,879 course enrollments. This represents a slight decrease of students taking at least one AP course (791 students/.9%) and course enrollments compared to last year's enrollment. However, since Fall 2014, there still has been an overall increase in the number of students taking an AP course and in AP course enrollments with an almost 8% increase in AP course enrollment and a 9% increase in the number of students enrolled in AP courses.
- The number of AP Exam-Takers in North Carolina's public schools increased 1.8% from 2017 to 2018, representing more than a 30% increase over the last four years. In the target NCAPP districts, the number of students taking AP exams increased by 21.0% in 2018 over 2017 year.
- The number of AP Exams taken in North Carolina's public schools increased 2.0% from 2017 to 2018, representing more than a 30% increase over the last four years. In the target NCAPP districts, the number of AP Exams taken increased by 19.0% in 2018 over the 2017 year.
- The number of AP Examinees scoring 3 or better on AP exams in North Carolina's public schools increased 5.3% from 2017 to 2018, representing over a 20% increase over the last four years. In the 18 target NCAPP districts, the number of AP Examinees scoring 3 or better on AP exams increased by 14.8% in 2018 over the 2017 year.

- AP Participation and performance for Hispanic students in North Carolina's public schools continues to outpace the participation and performance for Hispanic students seen nationwide. The number of Hispanic AP Exam-Takers in North Carolina's public schools increased 6.3% from 2017 to 2018, as compared to a 4.5% increase in Hispanic AP Exam-Takers in public schools nationwide. Hispanic students' exams attaining a 3+ score increased 9.1% over last year in NC, outpacing the 8.3% growth for the same group nationwide. The overall growth in participation of Hispanic AP Exam-Takers has increased by 73.2% points since 2014.
- While the number of Black AP Exam-Takers in North Carolina's public schools decreased 5.2% from 2017 to 2018, as compared to a 0.1% increase in Black AP Exam-Takers in public schools nationwide, the overall growth in participation of Black AP Exam-Takers has increased by 50.3% points since 2014. Black students' exams attaining a 3+ score increased 4.2% over last year in NC. Every year prior to this year, NC has outpaced the nation with an increase of Black AP Exam-Takers. For example, in 2014, Black AP Exam-Takers increased 22.8% in NC compared to 3.6% nationwide.

The overall success to broaden access and successful participation in advanced courses is a result of hard work by NC's teachers and districts and the investment by the state of NC. NCDPI will be working with College Board and school districts to further examine the changes in the data to ensure even more intentional strategies to support growth. With NCAPP's sustained efforts of professional development and technical assistance, the State Board of Education (SBE) and NCDPI expect continued progress to increase access and successful participation in Advanced Placement courses across NC and further meet the intent of the legislation.

## **Report Requirements**

This report responds to the requirements of the legislation enacted in SL 2013-- 360, *Broaden Successful Participation in Advanced Courses*. The SBE/NCDPI report fulfills some requests, while others are fulfilled by the companion College Board NCAPP Report.

The following table reviews the report requirements and indicates which report addresses the required information:

The North Carolina Advanced Placement Partnership's report to the NCDPI and the assessment of that report.	SBE/NCDPI Report  College Board NCAPP Report
Number of students enrolled in advanced courses and participating in advanced course examinations, including demographic information by gender, race, and free and reduced--price lunch status.	SBE/NCDPI Report  College Board NCAPP Report
Student performance on advanced course examinations, including information by course, local school administrative unit, and school.	College Board NCAPP Report
Number of students participating in 10th grade PSAT/NMSQT testing.	College Board NCAPP Report
Number of teachers attending summer institutes offered by the North Carolina Advanced Placement Partnership.	College Board NCAPP Report
Distribution of funding appropriated for advanced course testing fees and professional development by local school administrative unit and school.	SBE/NCDPI Report
Status and efforts of the North Carolina Advanced Placement Partnership.	SBE/NCDPI Report  College Board NCAPP Report
Overall data submitted by the International Baccalaureate Organization (IBO).	IBO Report

## **Basic Status and Efforts of NCAPP**

### **NCAPP Targeted Districts**

NCDPI and College Board began a new cohort of targeted districts for this academic year. NCDPI and College Board invited additional low--performing districts to continue as part of the NCAPP with focused participation as well as updated the level of participation of the initial cohort based on need. All eighteen school districts that participated last year continue with the NCAPP for 2018-19. Four additional school districts are participating in the NCAPP as target districts for 2018-19. The current 22 target school districts are low-performing in the areas of ACT composite, math rigor, overall performance composite scores, and AP participation and performance. Each year, NCAPP and NCDPI will continue to re-evaluate the districts participating based on new levels of need to ensure effective implementation.

### **2018--19 NCAPP Targeted Districts**

Asheboro City	Avery County	Columbus County	Duplin County	Edgecombe County
Franklin County	Greene County	Iredell-Statesville	Lenoir County	Lexington City
Lincoln County	Nash/Rocky Mount	Person County	Randolph County	Richmond County
Robeson County	Sampson County	Scotland County	Wayne County	Weldon City Schools
Wilson County	Yancey County			

### **NCAPP State-Wide Efforts**

In addition to focused district support through professional development and technical assistance, NCAPP continues to work with state-wide efforts as well. In particular, each school district across the state is invited to send a select number of high school AP teachers to participate in content-based professional development opportunities throughout the year. Further state-wide efforts with regional technical assistance through the SBE regions and state-wide webinars to support systemic change and program development have also been developed and shared.

### **NCDPI Response to NCAPP Report**

NCDPI received the College Board's NCAPP Annual Report in October 2018. The report reflects the progress of the NCAPP over for the last year as well as exam performance information. NCDPI is pleased with the progress of the NCAPP and the Annual Report submitted by College Board. The College Board is committed to serving NC school districts and continues to partner with NCDPI to ensure effective implementation.

### **Distribution of NCAPP Funding for AP and IB Exam Fees**

For the payment of AP Exams for the May 2018 exam administration, NCDPI paid College Board **\$12,557,064** to support NC's public school students and families. NCDPI and College Board have developed a state-wide invoicing system to facilitate effective payment and lessen the burden of high schools and their districts.

NCDPI particularly notes the continued success of the implementation of the state-covered AP exam fees. College Board and NCDPI continue to work together with NC's school districts and high schools and charter schools to improve this process. NCDPI appreciates the hard work of all involved to ensure that students' test fees were covered.

For the payment of IB Exams and Fees for the May 2018 exam administration, NCDPI paid International Baccalaureate Organization (IBO) **\$1,510,128** to support NC's public school students and families. NCDPI and IBO have developed a full state invoice process to better facilitate payment and lessen the burden of billing on high schools and their districts.

### **AP and IB Current Course Enrollment Data**

Currently in 2018-19, there is a slight decrease of the number of students taking at least one AP course and course enrollments compared to last year's enrollment. NCDPI will be working to better understand the causes and work with districts strategically. However, since Fall 2014, there still has been an overall increase in the number of

students taking an AP course and in AP course enrollments with an almost 8% increase in AP course enrollment and a 9% increase in the number of students enrolled in AP courses.

This year, 81,520 students are taking at least one AP course. These students represent 152,879 course enrollments. This represents a slight decrease of .9% in the number of students and a decrease of 3.6% in course enrollments from last year.

See the following **Table I** and **Table II** for current 2018 student enrollment data for AP and IB courses in NC's 115 traditional LEAs and Charter Schools. The student enrollment data is disaggregated by gender, race/ethnicity, and economically disadvantaged status. All student data is masked at the appropriate level.

For further data regarding AP and IB course exams, please see the NC Report Cards at <http://www.dpi.state.nc.us/src/> and the NCDPI Accountability website at <http://www.ncpublicschools.org/accountability/reporting/sat/>.

### **Cambridge Course Enrollment**

2017-18 was the first year of implementation of Cambridge International Exam courses in North Carolina. There are two schools implementing the program currently. NCDPI will share the progress of this program and course examinations next year and report data, if possible.

For questions regarding this report, please contact NCDPI, Division of Advanced Learning and Gifted Education at [Sneha.shahcoltrane@dpi.nc.gov](mailto:Sneha.shahcoltrane@dpi.nc.gov).

**Companion College Board NC AP Partnership Annual Report**

Please refer to the following report prepared by College Board and submitted to NCDPI for remaining report requirements.

**Companion International Baccalaureate Organization (IBO) Annual Report**

Please refer to the following report prepared by (IBO) and submitted to NCDPI for this first time to include in this report.

# NC Advanced Placement Partnership Annual Report

Sept. 28, 2018

## I. Mission and Purpose of the NC AP Partnership:

The mission of the Partnership between The College Board and the state of North Carolina is to prepare, inspire, and connect students to postsecondary success and opportunity, with a particular focus on minority students and students who are underrepresented in postsecondary education. The purpose of the Partnership is therefore to assist in improving college readiness of secondary students and to assist secondary schools to ensure that students have access to high-quality, rigorous academics with a focus on access to Advanced Placement courses.

## II. Driving Governance:

*G.S. 115C-174.26 Advanced Courses.* According to statute, it is “the intent of the State of North Carolina to enhance accessibility and encourage students to enroll in and successfully complete more rigorous advanced courses to enable success in postsecondary education for all students.”

## III. 2017-2018 Results:

### Teacher Professional Development:

- Number of teachers across the state attending 2018 AP Summer Institutes through NCAPP scholarships: 418 attendees
- Number of teachers and administrators across the state participating in other professional development through NCAPP scholarships:
  - Fall Leadership Colloquium Oct. 3-4, 2017 40 attendees
  - AP Teacher Symposium Oct. 5-6, 2017 86 attendees
  - Fall AP One-Day Workshops Oct.- Nov. 2017 81 scholarships awarded
  - Middle Level Colloquium April 25-26, 2018 35 attendees
  - AP Mentoring Scholarships School Year, 2017-18 90 scholarships awarded
  - AP Insight School Year, 2017-18 20 teacher; 325 student licenses awarded

### AP Course Participation:

- Enrollment in advanced courses, including demographic information by gender, race, and FRL status.

[DPI to provide enrollment data](#)

### AP Exam Performance (see p. 4 – 21 for school level details):

- The number of AP Exam-Takers in North Carolina’s public schools increased 1.8 % from 2017 to 2018, as compared to a 2.4% increase in AP Exam-Takers in public schools nationwide. In total 75,353 NC public school students took 140,869 AP exams, with 75,128 receiving a proficient score. This represents a 2.0 % increase of exams taken, and a 5.3 % increase of exams attaining a 3+ score over last year.

## NC Advanced Placement Partnership Annual Report

Sept. 28, 2018

- AP participation and performance for Hispanic students in North Carolina's public schools continues to outpace the participation and performance for Hispanic students seen nationwide. The number of Hispanic AP Exam-Takers in North Carolina's public schools increased 6.3% from 2017 to 2018, as compared to an 4.5% increase in Hispanic AP Exam-Takers in public schools nationwide. The number of Hispanic students' exams attaining a 3+ score increased 9.1% over last year in NC, outpacing the 8.3% growth for the same group nationwide.
- While the number of Black AP Exam-Takers in North Carolina's public schools decreased 5.2% from 2017 to 2018, as compared to a 0.1% increase in Black AP Exam-Takers in public schools nationwide, Black students' exams attaining a 3+ score increased 4.2% over last year.

### PSAT Participation:

- Number of students participating in 10<sup>th</sup> grade PSAT/NMSQT testing: **October 2017: 34,616 Tests; 2018 orders as of Sept., 2018: 35,591 tests.** Students taking the SAT with the PSAT/NMSQT as a Junior and Sophomore or younger continue to score higher than the national average (SAT Evidence-Based Reading and Writing 578 – 36 points higher than the national average; SAT Mathematics 571 – 39 points higher than the national average) while students taking the SAT without the PSAT/NMSQT continue to score lower than the national average (SAT Evidence-Based Reading and Writing 502 – 40 points below the national average; SAT Mathematics 489 – 43 points below the national average).

### Funding Distribution:

- Distribution of funding appropriated for advanced course testing fees and professional development by local school administrative unit and school.

*DPI to provide funding distribution*

## IV. Current status and upcoming events for the NC AP Partnership – 2018 - 2019:

### School and District Technical Support - Ongoing:

- College Board staff provides extensive and on-going professional development and data analysis sessions to administrators, counselors, and teachers in districts as needs arise.

### AP Mentoring, 2018-19 School Year

- 115 scholarships are available to AP English Literature and Composition, AP Computer Science Principles, and AP U.S. History teachers from each LEA. AP Mentoring is a new teacher-to-teacher support program from the College Board for teachers in these disciplines of all experience levels, which connects teachers interested in enhancing their practice with mentor teachers who have deep knowledge of AP and a record of student success.

### Fall Leadership Colloquium Oct. 2-3<sup>rd</sup>, 2018:

- 70 administrators from the 22 NCAPP target districts are invited to attend this two-day professional development on increasing rigor and growing AP programs

### AP Teacher Symposium Oct. 4-5<sup>th</sup>, 2018:

- 125 AP teachers from low AP performing districts are invited to attend this two day professional development on best practices in teaching AP courses. This audience includes AP teachers from the 22 NCAPP target districts as well as other lower AP performing districts to expand impact across the state.

## NC Advanced Placement Partnership Annual Report

Sept. 28, 2018

### **Fall AP One-Day Workshops, Oct.-Nov. 2018:**

- 115 Scholarships will be made available to AP teachers from across the state, as these scholarships are available to every LEA.

### **Pre-AP One-Day Workshops, Spring 2019:**

- 360 scholarships will be made available to middle and high school teachers from each LEA to attend Pre-AP One-Day Workshops, which provide research-based strategies to help students activate their background knowledge, deepen comprehension, and develop academic vocabulary.

### **Middle Level Colloquium, April, 2019:**

- 60 middle school administrators from the 22 NCAPP target districts are invited to attend this two-day professional development designed to build the pipeline of prepared students and trained teachers in pre-AP teaching strategies.

### **Vertical Articulation Summit, May 17-19, 2019:**

- 114 district middle and high school leaders from our target districts will come together for a week-end retreat at Wildacres Conference Center. They will focus on strategic planning to build readiness pipelines of prepared students and trained teachers in pre-AP and AP teaching strategies, master scheduling, and counseling.

### **AP Summer Institutes Summer, 2019:**

- 400 scholarships for 2019 AP Summer Institutes will be made available for AP teachers in each LEA this spring.

### **AP Annual Conference Scholarships – July 18-21, 2019:**

- 60 scholarships for AP teacher leaders from target districts to attend the 2019 AP Annual Conference in Orlando FL. Teacher leaders attending will learn about the upcoming changes to the AP program (AP2019), and will be tasked with sharing the information regionally with other AP teachers.

## **An Introduction to the International Baccalaureate Report to the North Carolina General Assembly, Fall 2018**

The IB continuum of international education for students aged 3 to 19 years old includes four programmes; Primary Years, Middle Years, Diploma and Career-related. The IB is unique because of its academic and personal rigour. We challenge students to excel in their studies and in their personal development. We aim to inspire a love of learning throughout life. The IB helps schools develop well-rounded students who respond to challenges with optimism and an open mind, are confident in their own identities, make ethical decisions, join with others in celebrating our common humanity and are prepared to apply what they learn in real-world, complex and unpredictable situations. We are supported by schools, teachers and coordinators who develop and promote the IB's curriculums in almost 5,000 schools globally every day, in over 150 countries around the world.

The International Baccalaureate Diploma Programme (DP) forms the basis for some of the data in this report. The IB Diploma Programme is a two year academically challenging and balanced programme of education, with both internally moderated work and externally assessed examinations, that prepares students aged 16 to 19 for achievement in life and career beyond high school. The Diploma Programme teaches the skills necessary for success as well as providing the breadth and depth of knowledge, for participants to flourish intellectually, emotionally, socially, ethically, and physically. The programme has gained recognition and respect from North Carolina, US and leading universities around the world, to which many DP students aspire.

Highlights in this report include many aspects of growth indicated. Growth in the number of participating schools and students in all four programmes. Growth in the numbers of Diplomas earned in the DP. The numbers of students achieving a 4 or better on DP exam scores which often results in credit at post-secondary institutions is significant. The interest in the CP programme is strong and growing in North Carolina. Much of this growth appears subsequent to the introduction of the legislation supporting access to rigorous educational opportunities for students in North Carolina. ## North Carolina Data Summary Report, Fall 2018

### I Schools

Schools and students in North Carolina have been participating in International Baccalaureate programmes since the first school was authorized in Charlotte-Mecklenburg in 1992. There has been steady growth both in the number of programmes offered as well as the number of schools involved. **69** public schools in North Carolina currently offer the IBO's Programmes; Primary Years (PYP), Middle Years (MYP), Diploma (DP) or Career-related (CP).

- There are; **16** PYP, **19** MYP, **30** DP and **4** CP programmes
- There are 9 districts where it could be possible for students to follow an IB education from K through 12 as the feeder school patterns in the districts allow.

### II Students and Data from the Diploma Programme

The number of students participating in the Diploma have risen steadily since 2016.

May 2016 – **2449** candidates doing exams including May 2016 – **1088** Full Diploma

May 2017 – **2682** candidates doing exams including May 2017 – **1118** Full Diploma

May 2018 – **2965** candidates doing exams including May 2018 – **1191** Full Diploma

- This is testimony to the successful efforts of the schools, districts and the state to increase participation in the program and to support students in their efforts to succeed.

### III Performance data for students in the IB Diploma and Career-related programmes includes:

- There were **9339** examinations written by these students. The IB exams are rigorous and measure competencies in many learning skills, not simply content knowledge.
- Of these exams **5782** achieved scores of **4** or better on the IB scale of 1 through 7. A score of 4 or 5 or better most commonly leads to credit and placement options at many universities in the US including those in North Carolina.
- As well as the more common academic courses that form part of the IB curriculum it is interesting to note that students in North Carolina are taking advantage of some of the less common IB courses offered by IB schools in the US including Sports, Exercise and Health Science, Business Management, Theatre, Philosophy and Dance.
- **1213** students immediately requested the transcripts of their IB success be sent to universities they plan to attend. Participation in IB coursework is an important contributor to admission decisions at most Universities.
- There are presently **12** additional candidate programmes working towards authorization in NC. The steady growth of PYP, MYP programmes in the state bodes well for the future as our research shows that students who have participated in these programmes are more successful in the Diploma programme. More recently there is considerable interest amongst North Carolina schools, beyond the 4 schools now offering it, in the CP programme

All of the IB Programmes offer a student centered, inquiry-based approach to an international education, focused on approaches to learning for all ages, including research, communications, social, self-management and thinking skills. As these skills develop through participation in IB programmes students become confident in their ability to succeed in challenges at any stage in life.

#### IV Alumni comments

IB Alumni often speak about their life changing experience with the IB. Here are two NC alumni who reflect upon their time in IB in North Carolina.

Matthew Ferby from Harding University HS recounts his experience here;

<http://blogs.ibo.org/blog/2018/04/25/reassess-for-success/>

Jasmine Jackson from Parkland Magnet tells of her experience in these two blog posts;

<http://blogs.ibo.org/blog/2016/02/17/path-to-bilingualism/>

<http://blogs.ibo.org/blog/2016/06/15/becoming-a-life-long-learner/>

This is interesting feedback telling of the success of one IB graduate attending the University of North Carolina;
